MEETING OF DÚN LAOGHAIRE AREA COMMITTEE

9 JUNE 2010

Repair to footpath/road from Quinns Road to Corbawn Drive

Question: Councillor C. Smyth

“To ask the Manager to examine and repair the footpath/road, which is prone to flooding at the pedestrian entrance from Quinn’s Road onto Corbawn Drive opposite Shankill Tennis Club and Shankill Bowling Club beside (details supplied)?”

Reply:

Following extensive flooding in this area in 2008, extensive works were carried out by the Drainage and Road Maintenance Sections in an effort to prevent further similar incidents in the area. It is not clear if the area referred to was part of the works described above but it will examined by the Area Engineer to establish if further works are required.

Contact: Helen Smirnova, Area Engineer, Rochestown Depot.
